Nativity of Our Lord
CATHOLIC PARISH

De Yarrison recently gave a presentation at Nativity for our parents of young children Entitled *God-Centered Parenting; Fostering Great Self-Awareness and Emotional Health.*

De did a wonderful job communicating the truth of our Catholic faith that the Lord wants us to be healed of our emotional wounds so that we might live to our fullest potential, especially in our roles as parents.

Many times as Catholics we learn our faith as children and don't see how to integrate that into our adult lives with all of its challenges. De beautifully presented how the Lord wishes to walk with us in our daily lives, leading us to believe the truth that we are his beloved sons and daughters and to pass on that legacy of spiritual wholeness to our children.
